EXTRACT: 1. Michael KORZAN, Ukrainian Orthodox priest has and is being used by the undersigned in the BELLADONNA Project for different purposes. His description and possibilities were written up in a reported handed over at AMZON, with a copy marked for Vienna. KORZAN is an extremely valuable man, particularly for double-check purposes on Ukrainian political intelligence and for other activities all over Europe.

2. Since KORZAN is living in Salzburg, the aid of this station will be requested from time to time.

3. The undersigned has received 800 Austrian shillings from ERRIGAL for KORZAN: receipt of this sum from KORZAN will be given in January 1947. Some food rations were also given to KORZAN. Both money and food rations were issued by the Salzburg Station.

4. From the end of December 1946 until the first days of January 1947, ABN will hold an over-all Congress in southern Bavaria. KORZAN, as Chief of the Salzburg ABN, and as Chief of the ABN Youth Activity in Austria, will attend this meeting. For that purpose he needs a frontier pass to be able to cross the frontier from Austria to Bavaria. Attached is personal data on KORZAN and his wife, and it is requested that these two frontier passes be delivered to KORZAN before the 24th of December through the courtesy of Mr. ROSS. A frontier pass for KORZAN's wife is necessary for the following purposes. If KORZAN's wife can go, she will be used as a typist and stenographer of the Congress. In this case, one copy of the minutes will be immediately delivered to the undersigned. No transportation or other facilities are needed for them since the undersigned, upon his return on or about the 10th of January, will provide these facilities.

5. Anybody contacting KORZAN for the purpose of delivering the frontier pass should say that he is coming from Dr. XAVER
